

The Civic Mirror Institute

Preparing Our Students for the Social Studies CBAs with a 21st Century Education Program

ATTENTION — SOCIAL STUDIES TEACHERS:

Shorewood High School is proud to host the Civic Mirror May Institute, offering Washington state teachers an opportunity to learn how to use *The Civic Mirror* – a *face-to-face and online simulation-based program that turns classrooms into countries and students into citizens*. In this hands-on workshop, you will learn how the Civic Mirror works by experiencing it with other teachers. You will become a citizen, a politician, business-owner, and more by living in a simulated country with other teachers. Join us in this cutting-edge initiative and flagship opportunity as we **increase student engagement and prepare them for the S.S. CBAs!**

BENEFITS IN YOUR CLASSROOM

- **Ignite student interest (increase attendance) / prepare for CBAs in a fun way**
- **Improve behavior (responsibility & conflict resolution development)**
- **Curriculum Units and Scope & Sequences available for easy integration**
- **Flexibility and freedom to fit within your teaching style and classroom culture (AND often... recognition as a high performance classroom)**

The Civic Mirror can be used for any course, unit, or subject that deals with Government, Law, Citizenship, Economics, Conflict Resolution and Character Education. It's been used in over 80 schools across North America with huge success, most notably in Shorewood High School. Over the years, students who have participated in *The Civic Mirror* have been saying the same 2 things over and over:

- “When I watch the news now, I get it!”
- “I finally understand how everything in society fits together!”
